**Subject:** RE: STPC Meeting (December 5 Meeting Rescheduled)

Hello STPC staff:

- Looking at the January 2019 meeting agenda, I note that there are some changes to outcomes for a couple of items compared to the agenda for the cancelled December 2018 meeting:
- Item 3: LEF Essential products and Services Report – now asks for STPC advice to the Science Advisor on the report and its recommendations;
- Item 4: Environmental Methods Forum – now asks for STPC concurrence on the EMF charter;
- Item 5: Citizen Science Activities – now asks for STPC views on uses and limitations of Citizen science data in the future EPA vision for Citizen Science

# Deliberative Process / Ex. 5

Thanks for the clarification,  
Karen
